

## Opening Doors for Natural Therapies

Corporate sponsors constitute a core part of the OANP's efforts to increase awareness of naturopathic medicine, and opportunities for naturopathic physicians, by:

- Increasing membership and our ability to support the community
- Increasing the political presence of naturopathic medicine to defend & expand Scope of Practice for NDs
- Promoting naturopathic medicine to the public and connecting patients with an appropriate ND

Executive Director, Laura Fair and Lobbyist Phil Donovan attend the Signing Ceremony for HB 2758 with Governor Kulongoski.

**OANP's Executive Director & Lobbyist observe Gov. Kulongoski sign an OANP-sponsored bill into law, expanding patient access to NDs in Workers Compensation claims.**
